What is the Personal Learning Plan (PLP)?

The Personal Learning Plan is a compulsory SACE subject, normally undertaken in Year 10. Students consider their aspirations and research career, training and further study choices to help them map out their future. Students identify goals and plan how to achieve them through school and after finishing the SACE. They understand and through the subject (that is, Personal Development, develop their capabilities Communication, Citizenship, Work and Learning).

The Personal Learning Plan helps students:

- identify and research career paths and options, including further education, training and work
- choose appropriate SACE subjects and courses based on plans for future work and study
- consider and access subjects and courses available in and beyond school
- review their strengths and areas they need to work on, including literacy, numeracy, and information and communication technology skills
- gain skills for future employment
- identify their goals and plans for improvement and review and adjust their plans to achieve their goals.

The Personal Learning Plan contributes 10 credits towards the SACE. Because it is compulsory, students need to achieve a C grade or above.
