STRUCTURED WORKPLACE LEARNING (SWL)

SWL is an opportunity for students to experience a real or simulated workplace opportunity relevant to their VET program. The benefits of SWL include: learning new skills, working as part of a team, experiencing the workplace environment and becoming better informed for further career choices.

COSTS

The vocational courses comply with Industry Training Packages which stipulate required tools, materials and services. Consequently, many of the courses include an additional financial fee to cover these demands. There is a variation of costs between similar courses due to differences in agreements with Registered Training Organisations and host schools. This may be due to training, assessment or the competencies selected.

While staffing costs or equivalent are covered by the host school as part of the partnership arrangements, costs listed against courses are additional costs related to materials, services and transport arrangements.

Public schools charge fees which are governed by legislation and can be varied by governing councils under certain circumstances. These fees allow all students at public schools to access the general curriculum offered by their home school.

Non-SAFTS School students will be charged a fee to cover staffing costs on top of the materials and services fees listed.

TRAVEL ARRANGEMENTS

Parents / caregivers will be required to arrange transport for their child to the training and work placements. In certain circumstances, where students are able to demonstrate special needs, support for transport arrangements may be available (contact the student support services in the home school).

SELECTION GUIDELINES

Selection for entry to regional courses will be based on the following guidelines:

- Identified relevant interest and/or previous work experience
- Demonstrated capacity for independent learning
- Identified career pathway

For further information contact your VET Coordinator or visit: www.safts.sa.edu.au

TRAINING GUARANTEE FOR SACE STUDENTS (TGSS)

The Training Guarantee for SACE Students (TGSS) is for students who know they want to start a planned vocational pathway whilst still at school as part of their SACE and then continue after they leave school. Students must be 16 years of age or older.

HOW IT WORKS?

TGSS means that you start training for your Certificate III qualifications and have a guaranteed funded place at a Skills for All Training Provider when you leave. You will earn credits towards your VET qualification and SACE and you will do some work placements. Certificate III qualifications are fee free. You will pay some fees against the Certificate III for items such as clothing, tools etc.

WHAT NEXT?

More information can be found on the Skills for All web site www.skills.sa.gov.au and from the schools’ career counselor or VET Coordinator, who, if the student is eligible will begin the process of completing the relevant forms. Students, parents, school and TAFE/RTO will finalise the paperwork and offer a place if available.

N.B. FLO students need to speak to their Case Managers as their arrangements vary considerably.
